

The diagram illustrates a sequence of geometric shapes and numbers. The top row consists of a series of triangles and quadrilaterals, some labeled '14<' and others '14'. Below this is a large grid of numbers. The grid has 10 rows and 3 main columns. The first column contains the number '3' in every row. The second column contains the number '4' in the first 6 rows and '5' in the last 4 rows. The third column contains the number '2' in the first 6 rows and '6' in the last 4 rows. To the right of the grid are several vertical bars and additional numbers, including '1', '14<', and '14'.
